Subject: Took up the carpet Posted by LuvMartin on Fri, 25 May 2012 00:29:59 GMT View Forum Message <> Reply to Message

We took up the carpet in our music room and WOW what a difference it made. The room definitely looks better because the carpet was shot, and there were beautiful hardwood floors underneath. I am not quite so sure that I like the acoustics of the room now though. We have quite an echo going on.
