Do you still have a newspaper delivered to your house? We do not, but the local newspaper must be trying to boost subscriptions because we keep getting flyers. The "daily" newspaper here only comes out 5 days a week, and often is only 5 or 6 pages long, and they want $20 a month for it. That seems like an awful lot of money for a small amount of product. A couple of years ago a daily paper from the machine only cost fifty cents!
