Hi, Related I guess, I like XM satellite 31 (the coffee shop), 24 (margaritaville) as well as some of the 60, 70s, and classic country. Nice thing about it is that it is not location specific. I can pop the radio in the car for road trips and into the stereo for home use. True it does cost a few $$. They even have cousin Brucie....I listened to him live on WABC 770 AM. That dates me a bit....
