Subject: 7 pi plans Posted by Obsessed1 on Thu, 25 Oct 2012 03:29:41 GMT View Forum Message <> Reply to Message

I had viewed the Pi speaker site sometime ago. Now I am brought back, because I plan on using either a folded horn or tapped horn sub in my work-in-progress ht; which leads to: what is out there for mains that can keep up to such hi spl subs? (Integrating the two, when both depend on corner loading, is something I'm still pondering). May I have a copy of the 7Pi plans, please?
