I'm thinking of getting a 4645C THX Sub by JBL. This is a built sub that has the 2242H driver in it.

The prices for a 2242H are around 900 - \$1000

I called a place that has this 4645 for \$1,000. They have really good prices on this thing. I asked how it was not marked up much from just the raw driver and he said that JBL charges a lot for just the drivers.

Dimensions: 1010 mm x 674 mm x 450 mm

H x W x D 39¾ in x 26½ in x 17¾ in

So about 10.6 Ft<sup>3</sup>
