Subject: Movie Theater Ticket Prices

We went to see a movie a few weeks back and it was our first time going to the movie theater in several years, so I got sticker shock REALLY bad when I found out that movie tickets are about $10 each now. Are they that much everywhere?! I hate to say it, but I don't think it's worth it anymore. For the price of two tickets, you could just buy the movie on DVD and own it forever!
