Subject: Mark Knopfler's new album. Kill to get crimson Posted by MWG on Thu, 04 Oct 2007 13:38:11 GMT View Forum Message <> Reply to Message

It is very well done and for me after the second listen I was hooked on it. It's not flashy but understated. The acoustic work is superb and the sound is clean, crisp and liquid. If you like Mark's guitar work and acoustic instruments in general you will love this album. It sounds like a combination of his ballads with a dash of jazz and a touch of Acadian music thrown in for good measure. I'm probably mistaken in my definition but I'm used to being incorrect. Mike
