Chicken wrote on Mon, 25 February 2013 07:18SonicSound, they never touched much on the practical applications of moving magnets (like mics and speakers) when I took physics in high school. It's a shame; I would've paid more attention if they had.

I know, right!! I would have paid a lot more attention, too. I didn't learn about magnets and electromagnetism until I took up an interest in cars and my dad explained their role in making cars run...
