SteveBrown wrote on Sat, 09 March 2013 23:29Hey, nice looking phono stage there!! So on the Adcom, better than PP tubes? What was that high powered SE amp you reviewed one time? How does it stack up against that?

Eunice Kron's Kronzilla has nothing to fear from Adcom! If I wasn't on the IPad I'd post the pic I have of you holding that Geye-normous tube

The 545 really is good, tho', especially for the \$175 I paid, shipped. I almost bought a Class D amp kit for \$50 bucks more but, like that Buick ad, "wouldn't you really rather have class A/B?"
