Ok, so this stuff isn't everyones cup O' tea, but I grew up on Testament, Anthrax, and such in jr high and high school. I didn't realize they even came out with a new one, but evidently it came out back in April. First studio album in 9 years and as a bonus Alex Skolnick is back on guitar--YEAHHHHH! If you've never seen (or heard) Alex play he is a freak of nature. He started off in thrash metal with Testament, went to Savatage--which was a very cool concept metal band, then on to his jazz trio and trans siberian orchestra, and now back to thrash.Now, I'm not a big thrash fan anymore as I've mellowed considerably to Lizz Wright and such, but every once in a while when I'm PO'd, nothing hits the spot like thrash turned up to 11.http://www.testamentlegions.com/
