Subject: Re: Over prescribing of meds Posted by timron on Thu, 18 Apr 2013 23:26:14 GMT View Forum Message <> Reply to Message

My wife used to work as a pharmacy technician and she said the pharmacists were always complaining about how doctors in the community over-prescribe medications - especially antibiotics. She said over the years the public has come to expect to walk out the door with a prescription to fix all their problems and since the doctors are getting kickbacks from pharmaceutical companies anyway, they are happy to oblige.
