Bob, I should be there Friday morning. As it happens I've been on a sort of retro Rock-N-Roll kick of late taking a break from my usual Jazz choices and sort of reliving my youth so to speak.

I will be bringing some "Classic Rock" CD's and you would be welcome to rip them any and all. I assume that you will have your laptop front end you used last year.....

I'll look you up when I get there Friday morning.

John Bower
