Here is a link to the type of recorder I bought (not a link to the seller)

http://www.thevintageknob.org/akai-GX-215D.html

Hopefully it will work as it is supposed to. Now I need a dolby unit as a number of my early tapes were encoded with one. They seem to be about $20-40. I have the calibration tapes for both R-R and cassette for them. A good thing to as the tapes are going for really nutty prices like $75 each.
