Dear Ms. Kraft:I wrote a rather 'tough' and direct reply to your supposition (negative in nature) about my being aligned with some other poster at another audio site. Maybe I was *perceived* as not contributing to the nature of this forum OR not being cooperative enough with fellow posters. IF SO--and I'm only supposing--then, I am to blame, here. I was wrong.Take care. Please contribute in your own way. Cartoons, welcomed! (I'll admit the last was cute and lesson-imparting)Yours,Laurence Alter
