Subject: How do I sell a vintage amplifier in a sealed box

Hello, folks! HOping you could give me some advice. I found an old sealed in the box Lafayette Stereo-10 amplifier stamped 1968. IF I want to sell it online should I open it up & photograph the contents or sell it in its pristine unopened state? I would think people want to see its not been damaged, but that sealed in the box mystique appeals to some. How would you want to buy it?
