Hello Wayne and Bruce,

Thanks for all your help. I had quite a bit of catching up to do.

I ended up making some Ebay purchases, and the sound is great!

Adcom GFA-555 amp
Rane Active Crossover
Rane Balance Buddy

I used copper laminate on the subs, and they came out pretty well. We've had quite a few cloudy days lately and the speaker didn't show up well in my photo, so I included a photo of the top of one of the speakers so you can see how beautiful they came out.

Thanks,
Doug
