Not here yet, but seller has good reputation. Should be in fine shape with walnut case. Tubes all tested well w/in tolerance, so I may ship to rehab friend for New Auricaps all around, but I will take a listen first. This unit will be a possible for my three way, Martinelli, Pi-aligned, Eminence/JBL/Altec/Klipsch (who knows yet) speaker project. Kind of makes you wonder just what breed this mongrel will most resemble. It will be tested on the 2 Pi Studios, then Heresy. Pics will be forth coming.
