Subject: Always Replacing Earbuds Posted by audioaudio90 on Sun, 31 Aug 2014 12:45:52 GMT View Forum Message <> Reply to Message

I guess I'm hard on my earbuds. Ever since I started working out more regularly, I go through them more often. Usually the wire gets exposed where it attaches to the stereo plug and then I start losing signal in one or both sides. Maybe I need to find more durable ones instead of making do with the junk from Walmart.
