There sure are and amazingly sometimes are cheaper than CD's of the concert. I really like Sully Erna Avalon blu ray. Although he is the lead Singer of the band Godsmack you would never know from his solo work. He brought in the drummer from Dead Can Dance and a cello player from Bulgaria. Music is along the lines of DCD but not quite as out there musically (DCD is one of my favorite bands). Lots of hand drumming. Very good sound quality.

I just bought Leonard Cohen's new CD yesterday. It is definite must have. Sounds phenomenal on the 4 Pi's. Hard to believe he is pushing 80.
