Subject: Ebola Posted by timron on Thu, 16 Oct 2014 22:54:41 GMT View Forum Message <> Reply to Message

From what I understand, a Liberian came to Texas from Africa, checked into the Dallas hospital with flu-like symptoms, and no one caught that it was actually Ebola. Now he's dead and two of the nurses who had a hand in treating him are also sick. Are we seeing the very beginning of an outbreak here in the U.S.?
