Samuel wrote on Fri, 21 February 2014 04:54 Audiobooks really do have their place. In particular they are great for children in the car, on long journeys. They act as boredom busters without the need for endless screen time, and there is a wonderful selection of books available.

They're good for adults for this purpose, too, ha! I love listening to music on long rides but I get tired of it after a while, so here lately I've been listening to audio books through my smartphone. It makes a long work commute seem a lot shorter.
