compaddict wrote on Wed, 12 November 2014 16:07No I have not. I do have some very talented people at my disposal and pretty good ears though!

After playing with MiniDSP I can't imagine going back to passive. I just installed a pair of Nolte Audio 4X10" (per pair)175Lbs subs and I now have BASS!

...but you've yet to hear the passive set up properly, so maybe you would prefer it to the DSP. In any event, since you're not using the passives, send them on to Wayne.
