Oh wow, Bruce, that's awesome! Looks to be in great shape!

How do you think it compares to modern audiophile tables?

It's kind of cool that you have several tables. It gets sort of addicting, I know.

Your main thing is amps, like my main thing is speakers. But it "spills over" and one finds themselves having a few "secondary obsessions."

Wonder if we should start 12-Step meetings for audiophiles?
