Sweeeeet! I've still got my Paramours, a Foreplay and the Seduction kit. Sadly, the Seduction is still in the unopened box and I probably won't have time to get to it for a while. But I think those Bottlehead kits are really great. On the subject of cool tube amps, did you see Frank's post about the free trial of the Stoetkit? Check out the FSAudio forum - That Stoetkit amp looks real cool too.
