Subject: Re: The Differences Between Vinyl And CD Posted by decibel 12 on Mon, 23 May 2016 14:15:46 GMT View Forum Message <> Reply to Message

I like the way listening to vinyl kind of forces you to listen to a whole side, in order and without stopping. With CD's all you have to do is push a button to hear another track. They make that easy for you. Vinyl's make it easy to hear a record in the order the producer wanted you to hear it.
