Silver wrote on Mon, 13 June 2016 05:15 It's the height where you get the best sound quality for YOU. You're 74 inches high. Someone who is 54 inches high will have a slightly different height for their speakers by which THEY will get the best quality.

Thank you. Indeed, everyday is a learning experience. Which is the best place to get a listening chair? Over time, I have realized that it is better to get a referral when wanting to purchase something.
