Concorde wrote on Sat, 25 June 2016 07:17As long as there is a market for the next big thing, the next big thing will keep popping up. But for me, I don't even have a flat screen yet.

I like the part where you say you do not have a flat screen yet. The thing about technology is that as long as an idea is workable, people will tend to come back to it at a certain time. People seem to have a mass psychology when it comes to tech, so that what appeals to one person quickly becomes the phenomenon.
