Subject: Going to concerts

I just went to a concert the other night and I think it was one of the best concerts I've been to in a long time. It was called 'Summerland Tour' and all of the bands were really getting the crowd fired up. The one band took video of us all to use as part of their video for their new song that they are releasing later this year. What's the coolest thing that happened to you when you went to a concert?
