Azuri wrote on Fri, 29 July 2016 03:46 Was there ever a period of a few months or so when you just kept it off?

Does a fish leave the water for a few months Azuri? What you're suggesting is simply unnatural behavior for an audiophile.

There does come a time when even James Taylor seems like too much "movement in the air" and I have to switch over to talk radio for awhile. It's calming, unless it's political.
