Subject: Re: The recommended watching distance Posted by Azuri on Wed, 19 Oct 2016 19:20:50 GMT View Forum Message <> Reply to Message

I think it would also depend on how good or bad your eyesight is. 20/20 vision is one thing, but if you have 20/40 vision or anything else that is out of the norm, you just have to experiment until you get the right distance for you personally.
