Subject: Music app that plays songs from the 60's Posted by Thaddeus on Sun, 20 Nov 2016 13:46:11 GMT

I've been playing a video game lately that has a ton of late 60's music in it. These songs keep getting stuck in my head when I'm not playing so I thought that maybe I could find a music app to listen to them. Does anyone know of an app that will play a mix of nothing but music from this decade?
