Cortney wrote on Wed, 08 February 2017 18:54I think that the best advice you'll find here is to get a good surge protector. It's the only way to be really protected. Even if the outages are scheduled, what if you're not around to unplug anything?
When I bought my current TV, the dealer told me that there was no need for a surge protector. However, I couldn't take the risk. Does a warranty cover such issues?
