cwemoy wrote on Mon, 20 March 2017 06:01 Too much bass is annoying and distracting. I wouldn't put too much of it; just enough for my ears and surrounding. Have you seen those people will a lot of bass in their cars? No, but I have certainly heard them! Can they really hear the music they are playing, or would they be happy just playing thump-thump-thump-thump through the speakers?
