Subject: What formats do you collect? Posted by vhfspeeks on Fri, 21 Apr 2017 10:22:49 GMT View Forum Message <> Reply to Message

With all the formats available, from MP3 to CD/DVD, vinyl, cassettes and even older ones, which formats of music do you collect?

The parts of my collection I listen to is MP3, with the original formats (mostly vinyl, CD, and cassettes) stored safely away.
