Madison wrote on Mon, 03 July 2017 04:26My Little Pony - well, that brings me back to my childhood. Did you have a favorite pony from the franchise? Gosh, they just don't make them like they used to. Your childhood was 2016? (joking) They remade it a few years ago. The new series has run for six or seven seasons now, and has a mainly college audience which seems to happen to most kids shows. Lot of good songs on it and I spent ages learning to play the This Day Aria.
