mamoss wrote on Wed, 01 June 2016 03:01 I clearly recall a book my father had that had almost all DIY procedures and with that, he was able to almost do everything around the house. I lost sight of the book after a few years.

Where can I get such books these days?

Ah, my dad had a book like that too. It was the Reader's Digest one from the 70s. I can't remember exactly what it was called but it was just like "Complete Do-It-Yourself Guide" or something. (No idea why I remember Reader's Digest and not the actual title.) Obviously, some of it would be outdated by now.

I agree with everyone else; Amazon is a great place to look, or even just plain old Google. Your local library probably has some treasures too.
