Subject: Re: The most complex musical instrument Posted by Frankie on Sun, 24 Sep 2017 15:18:51 GMT View Forum Message <> Reply to Message

If you're talking about difficulty to learn, then I wouldn't say the piano. But if you're talking about the actual instrument, then I'd say the piano. There's also this interesting instrument I've only heard about in the last couple of days, the orchestrion. It seems pretty complex. As for learning difficulty, I'm going to go with the accordion or banjo.
