Caitlan wrote on Sat, 08 July 2017 12:39Of course I am not taking away from the talent of some, but I'm bringing up the fact that a lot of artists are being neglected, purely because they aren't full of publicity stunts like others.
Caitlan, look at it this way, you need publicity to get known out there. How do people land advertisements or endorsement deals? By simply putting themselves out there and being known. Whereas I don't dispute the fact there are many talented people that tend to get overlooked, I believed that hard work and resilience matter, in as far as showbiz is concerned.
