Subject: Using kits Posted by Snickers on Wed, 28 Feb 2018 06:26:55 GMT View Forum Message <> Reply to Message

I'm pretty new to the DIY game. I would really like to build a vacuum tube amp. I've been researching designs and whatnot, but I'm curious - is getting some kind of kit the best way to go about this project? If so, what are some good sites that have beginner-friendly kits?
