Kingfish wrote on Sun, 04 March 2018 17:51 Sadly, here we are 5 months and more than a few school shootings later, and this has become an evergreen topic.

It's not so much the guns as it is a social issue. We have always had guns, but we haven't had these issues until just recently.

I completely agree with you. Obviously, something is different in our world today that is making this a real issue. What social issues do you think need to be addressed?
