johnson93 wrote on Sun, 04 March 2018 20:22 Are you looking for radios from a specific era? In your opinion, what makes a radio an antique?

I like the plain metal radios like those made by Atwater Kent. I'm also interested in the fancier, Deco styles like those made by Garod. I haven't come across either of these styles or manufacturers in the wild though. Have you? I'd rather buy in person than online.
