Now that I've already seen Black Panther, I thought I had no other movies to look forward to this year. I'm glad I found this thread because you all have proved me wrong. I completely forgot about Venom. Secondly, I had no idea that they were making a second Super Troopers movie. I just had to watch that trailer, and it looks hilarious. I can't wait. (Of course, it's coming out on 4/20.) I'm pretty excited for the soundtrack on that one.
