Subject: Re: Furniture influence on sound Posted by Khanman on Tue, 03 Apr 2018 02:20:19 GMT View Forum Message <> Reply to Message

You know, I've asked myself many times why I even have a coffee table. It's pretty much just a glorified footrest, at least in my place. It's not all that big, but considering that it has nothing on it, it probably hasn't been doing me any favor sound-wise. I guess it's time to get rid of it. Would a bookshelf below a speaker cause issues?
