Really enjoyed myself, Had a experience of listening to some horn drivers, have never listened to them for an extended period of time, and I wasn't fatigued. I really enjoyed the room a couple of doors down, and Russ' room had some cool looking gear, The Raven Audio stuff is just truly a work of art! I was disappointed with the YG Acoustics room, I was expecting more! Maybe it was the gear, not sure. All in all it was a great experience.
