gofar99 wrote on Sun, 03 June 2018 15:10Hi Fred...since she was out of the house....you could sneak in a pair of 8 foot ESLs, a couple of 3 cuft subs a pair of Krell amps and just cover them with pretty screen material. No one would ever know

Or hide them behind a fern. Nobody would notice as long as I didn't use any of those obsolete, heat-generating tube things.
