Subject: Two Subwoofers Posted by Malfoy on Fri, 27 Jul 2018 11:58:01 GMT View Forum Message <> Reply to Message

I watched a free concert in the park lately. They used 2 big speakers at both ends of the stage. I would assume that these speakers have a built-in subwoofer.

I'm wondering whether having 2 subwoofers in the home will make a difference in terms of sound quality compared to just one subwoofer.
