Subject: Re: Will streaming kill the vinyl resurgence Posted by mamoss on Fri, 11 Jan 2019 19:34:56 GMT View Forum Message <> Reply to Message

Wayne Parham wrote on Wed, 09 January 2019 12:36 Yes, streaming quality can be improved. But again, I think the radio analogy applies here. Radio content can be made very high quality too. But most times, it is highly compressed. There is little dynamic range in most radio broadcasts.

You definitely get better quality listening to a vinyl record of a 60's recording than when you stream it. I don't think that the vinyl resurgence will die down anytime soon.
