Subject: Re: Walkman or CD-Man Posted by Newjack on Sat, 26 Jan 2019 20:08:28 GMT View Forum Message <> Reply to Message

I loved my Walkman in the '90s. It was one of those super attractive (ha!) water resistant "sport" Walkmans. I put that thing through hell and it stuck by me. It never broke. I ended up losing it because it was in storage and my unit was broken into. They stole almost all of my stuff. I like to imagine someone out there is still rocking out to my Guns N' Roses and Bon Jovi cassettes. :d
