I hadn't thought of it that way, Wayne.
"Bragging rights".

I found an Elvis 1977 "moody blues" LP "yellow". for 2G's
Could the same be said of this-?

Needless to say, I love the King and his TCB band, but this album in particular, for its recording quality (70's of course)
But 2G's??

I guess I'll keep looking lol. Meanwhile, I have the CD.
