Thanks for the info! I did find those tidbits yesterday, but I figured there had to more extensive rules somewhere else and I didn't want to cross any lines. I guess I thought there'd be more rules like eBay, OfferUp, and Reverb, and this website would earn a percentage of the fee as well. I sold my speakers this morning on Craigslist, but I like the laid back atmosphere of swapping, buying, and selling here and will try here first next time.
